Subject to the following conditions:

1. The importer accept the sole responsibility of ensuring that the conditions below have been complied with and understands his responsibility in this regard.
2. That the animals do not originate from Mpumalanga, Kwazulu Natal or the Northern Provinces of South Africa or any other area which is under veterinary restriction for diseases. The animals were either born and raised in the province or were resident there for a period of at least **six months** before export to Namibia.
3. The wildebeest must be transported directly to the veterinary approved wildebeest camp on the farm(name and number) and may not be removed from that place alive without permission from the relevant State Veterinarian Office. This serves also for the progeny of these animals.
4. Immediately before departure, all of the game must be treated with:
i) A registered broad-spectrum anthelmintic against roundworms.
ii) A registered tickicidal agent with residual effect.
5. The animals shall be accompanied by this **ORIGINAL** import permit and the health certificate overleaf must be completed in full and signed by an official veterinarian authorised thereto by the national veterinary administration.
6. The arrival of the consignment must be timeously reported to the State Veterinarian Telephone and the seals may not be broken or the animals released without his/her permission. Supervision of off-loading will be at importer's cost.
7. The animals shall be transported in sealed trucks. Seal numbers should appear on the Veterinary Certificate.
8. This permit is valid one movement only and may not be used after the expiry date.
